March 20, 2023

Dear Colleagues,

We are excited to welcome you to the 2023 MPSA Annual Conference! This is the 80th annual conference, and we are pleased to bring together scholars, researchers, and students from the United States and across the world. We hope you take the opportunity at this year's MPSA to connect and reconnect with colleagues and engage with cutting-edge scholarship in the field.

Our annual conference is one of the largest in the political science discipline. Throughout the duration of the conference, we will be hosting over 1,100 sessions on the latest scholarship in political science in 95 different sections representing multiple subfields in the discipline. This conference has approximately 4,500 attendees from every state in the US and more than 70 countries around the world. We thank the section heads for putting together all of these excellent panels!

We encourage all participants to attend the President's Reception and the Awards Ceremony and Business Meeting. The Awards Ceremony and Business Meeting will be held on Saturday, April 15 from 6:30 - 7:30 pm. The President's Reception, hosted by MPSA President Melanie Manion of Duke University and MPSA President-elect Eleanor Neff Powell of the University of Wisconsin, will be held on Saturday, April 15 from 7:30 - 9:00 pm.

We also want to draw your attention to two special roundtables celebrating landmark work by senior scholars. The panel "Celebrating 20 years: *Paradigms and Sand Castles* by Barbara Geddes" will be held Saturday, April 15 at 9:45am. The panel "Celebrating 20 years: *Power without Persuasion: The Politics of Direct Presidential Action* by William Howell" will be held on Friday, April 14 at 11:30am. We hope to see you there!

A special welcome to those attending the MPSA annual conference for the first time! We invite you to attend the First Time Attendee Networking Reception and Tour on Thursday, April 13 from 4:45-6:15 pm. It will be the perfect opportunity to network with other first-time attendees. MPSA staff will also go over frequently asked questions and provide a brief orientation.

Thanks for coming! We look forward to seeing you throughout the week and hope you will have a productive, intellectually stimulating, and overall enjoyable experience.

Yours sincerely,

Christian Grose, Conference Program Co-Chair, University of Southern California
Michaela Mattes, Conference Program Co-Chair, University of California Berkeley

You create the numerical security code for your charging slot and therefore, it is unique to you. You must remember and enter that code when you are ready to retrieve your phone from the charging station. This set it and forget it process allows you to securely charge your device while you continue to conduct your conference activities and return when charging is complete. The charging station accepts various types of mobile devices so there'll be a charging connection that fits your device. **Use of the charging station is free.**

It is also available via Google Play Store for Android devices. It can be found by searching "MPSA2023" in the app stores. The app features the entire program agenda as well as a host of additional features. You can set-up your personalized schedule, view the exhibitor list and floor plans, network with attendees, connect with social networking and much more. The hotel will provide free Wi-Fi in most areas. Due to the volume of users, the speed may vary.

After downloading the app, you must log in with the email address you used to register for the event to begin using it. After download, if you are having trouble getting into the app, it may be because your email address was mistyped when you completed your registration. This does happen. If you require assistance accessing or operating the app, please come to the staff desk on the 4th floor from Thursday, Friday, and Saturday 7:30 a.m. – 5:00 p.m.; and Sunday 7:30 a.m. – 11:40 a.m.

Meeting Room Wireless Instructions for Attendees:

- Choose and connect to PH_Meeting_Room as your wireless network.
- After connecting to PH_Meeting_Room, launch your web browser, which will redirect you to the hotel splash page.

Many people will be using the computers over the course of the conference and some viruses could be transmitted despite these precautions.

Presenters will NOT be able to use their own laptop computers for presentations. All sessions except posters are hybrid. The conference computers are preloaded with the correct information for your hybrid events. **DO NOT DISCONNECT THE LAPTOP COMPUTER;** this may cause the LCD projector to reset, and you may need technical support to fix it. This will use up the limited time you have for your presentation. **Please see page 15 of this program for details on using the provided A/V equipment.**

If you have problems, call ENCORE at (312) 917-3462. Let them know you are with the MPSA Conference, the room you are in, the type of problem you are experiencing, and that you need an A/V engineer to assist you. For security reasons, the laptop computers and LCD projectors will be removed from all meeting rooms immediately upon conclusion of each day's panels.

A presenters' Green Room is in Burnham 3 on the 7th floor. A/V equipment is set up so that you can test your presentation in advance. The room will be open Thursday through Saturday, 7:00 a.m. – 7:00 p.m.; and Sunday 7:00 a.m. – 10:30 a.m. Meeting Rooms will be open by 7:30 a.m. should you need to test your presentation before the start of the 8:00 a.m. sessions.

MPSA Streaming and Recording Policy: Please be aware that the MPSA will utilize a streaming platform for virtual conference sessions. The lounge is available Thursday, Friday, and Saturday 7:00 a.m. – 7:00 p.m.; and on Sunday 7:00 a.m. – 11:30 a.m. There is no need to reserve a meeting time for the lounge, though visitors are asked to sign the room's registry upon arrival.

MPSA Women's Caucus Lounge: The MPSA Women's Caucus invites current and future caucus members to the Members Lounge. The Lounge provides a space to meet up with friends, prepare for presentations, or just sit and relax when you need a break. The Lounge will have information on the Women's Caucus and if you aren't a member, you can join on-site. Join us Thursday, Friday & Saturday in the Cresthill Room on the 3rd floor.

Awards: Chairs and discussants are responsible for recommending papers for awards. The MPSA strongly encourages chairs and discussants to make nominations, as soon as possible, while the paper presentations are still fresh in their minds. You may nominate papers by submitting your nominations (name of author(s), title, and paper) at www.mpsanet.org/professional-resources/awards/mpsa-research-awards/.

Networking: The MPSA conference offers opportunities to connect with your colleagues through a variety of **networking events**. Some, like the First-time Attendee Reception, require attendees to reserve a seat prior to the conference, while others like the MPSA Welcome & Exhibitor Reception are open to all participating attendees and require no advance registration.

Child Care: MPSA offers Childcare Scholarships to help defray the cost of childcare for parents or guardians that are current members of MPSA, registered and attending the conference, and who are staying at the Palmer House or Hilton Chicago. Childcare must be provided on-site, using Jovie, a bonded insured childcare provider, or another preferred provider recommended by the conference hotel. We recommend making childcare reservations at least two weeks in advance, childcare may not be available if you wait until later to make reservations. The rates and form of payment vary between services. An itemized receipt is required for reimbursement. Jovie of Chicago may be accessed via their website: <https://www.jovie.com>.

The MPSA Welcome & Exhibitor Reception (Thursday, April 13 from 6:30 p.m.– 7:30 p.m.), the Minority Caucus Reception (Friday, April 14 from 9:00 p.m. – 10:30 p.m.), and the MPSA Presidents Reception (Saturday, April 15 from 7:30 p.m. – 9:00 p.m.) are open to all registered attendees.

Is there anywhere nearby to access a computer or have documents printed?

There is a UPS Store located on the Street Level of the Palmer House near the Wabash entrance. Additionally, there is a FedEx Office Print & Ship Center located across from the Palmer House Wabash entrance. Both are open Monday through Friday, 9:00 a.m. to 6:00 p.m.

Where can I charge my phone/laptop/tablet?

ChargeTech charging stations can be found in the Red Lacquer on the 4th floor and are available for attendees to use to charge electronic devices. Additionally, you may charge your devices in the hall across from the State Ballroom.

What should I do if my discussant doesn't show up for the session?

All discussants in the conference program have confirmed their participation and are expected to perform their roles. If there is an emergency that requires last-minute cancellation, discussants should make every effort to email the written comments that they would have given, so that the chair and panelists can read and discuss those comments during the session. If the discussant(s) does not arrive for the session and has not communicated their absence to any of the panelists, panelists should still present their papers and attempt to exchange feedback with one another. After the session, please inform the MPSA of the discussant's absence by emailing the Conference Director (speelmon@mpsnet.org).

Is there a place I can rehearse my presentation in advance of my session?

A Presenters' Green Room can be found in Burnham 3 on the 7th floor.

Is there a quiet area I can use at the conference without going back to my room?

MPSA is reserving the Wabash Room on the 3rd floor of the Palmer House, as a quiet space to allow attendees to get away from the sounds, lights, and energy of the annual conference activity. Please respect the purpose of this quiet space by planning personal meetings elsewhere.

How do I access the room for nursing mothers?

MPSA has set aside a room at the Palmer House Hilton for nursing mothers during the conference. If you wish to use the room, please check in at the conference registration desk for room location and access information when you arrive onsite.

Where is a gender-neutral restroom at the Palmer House?

A gender-neutral restroom is located on the 3rd floor, on the 4th floor near the Red Lacquer room and on the 6th floor near the Grant Park Parlor.

Who can I ask for help while at the conference?

If you need directions or have general questions about the Palmer House Hilton itself, please look for hotel staff wearing gold oval Hilton name badges and/or bright blue blazers. You may also speak with the front desk or the hotel concierges to answer hotel-specific questions. For questions about conference presentations, MPSA staff members will be available at the conference registration desk in the Red Lacquer and at the information both on the 4th floor.

What are the in-person COVID-19 policies for this conference?

In-Person Participation. All conference events, including research panels, networking and mentoring receptions, will be held at the historic Palmer House Hilton Hotel. The MPSA will follow state and local guidelines requiring masks and vaccination. Chicago is now open with no capacity restrictions, following state and local guidance. The City of Chicago has lifted its indoor mask mandate as well as its proof of vaccination requirement; however, many individual businesses may still require proof of vaccination for entry, and we highly encourage you to wear a mask and be fully vaccinated. If there are any changes to the guidelines listed below, we will communicate them as they become available. Please see below for the latest regarding COVID-19 transmission reduction efforts in Chicago, per the Choose Chicago website and plan for your in-person participation accordingly:

Will MPSA be contact tracing anyone who may become ill with COVID-19?

Yes. We are thrilled to be back in-person in Chicago for #MPSA2023. The health, safety and wellbeing of our attendees is of utmost importance to us. Therefore, we are asking that if you have tested positive for COVID-19 while at the conference, or test positive for COVID-19 post-conference, please email us at this dedicated email address: contacttracing@mpsnet.org. Your identity will remain anonymous. We will notify the other participants of any panel on which you participated, letting them know that a member of their session tested positive, so that they can take the proper measures to test and quarantine if needed. We want to be as transparent as possible with all participants and we appreciate your willingness to help protect the safety and wellbeing of your colleagues.

Conference Policies

MPSA conference registration is not refundable.

Badge sharing, splitting, and reprints are strictly prohibited.

Upon registration, all conference participants have agreed to MPSA's Streaming and Recording Policy and must abide by the MPSA Anti-Harassment Policy and MPSA Code of Conduct at Events. All conference attendees must sign off on the COVID-19 Acknowledgment of Personal Responsibility and Liability Waiver upon registration.

Additional Questions?

If your question about the conference isn't answered above, please visit the Information Booth near the State Ballroom.

Sessions Formats

Panels/Paper Sessions: This is the standard format for presenting research papers, with four or five papers on each panel, along with two discussants, one of which is also the chair. The chair introduces the panel and each of the participants, manages the time for each presentation, and facilitates discussion and Q&A from in-person and virtual audience members. Each author presents an abbreviated version of their paper (e.g., if there are five presenters, 10 minutes; if four presenters, 12 minutes; if three presenters, 15 minutes), followed by 20 minutes for comments from all discussants, and 15 minutes for audience questions and/or discussion among the panelists. The online program will list the exact time for each paper to be presented, the time for discussants to speak, and the time for questions from the audience.

Lightning Talks: The Lightning Talk format is very similar to a standard paper session, only with more papers and shorter presentations. Six to eight papers are presented in a more abbreviated manner (six-minute maximum). After each presentation, there will be two minutes of Q&A. Each participant reads the other papers on the session and provides comments on one of them. At the conclusion of the presentations, there can be more extensive Q&A about any of the papers. The chair will keep the presentations to the exact time limit, so presenters need to have their presentation rehearsed in advance. Lightning Talks are held in Sections 75-80 only.

Roundtables: Roundtables provide in-depth examinations of specific topics, projects, or books. Typically, four to eight panelists participate on a roundtable, which may include a chair who introduces the panelists and provides a substantive introduction to the topic. Rather than presenting research papers, the presenters hold a discussion, provide comments, and respond to questions about a theme or topic. Most roundtables are recorded for podcasts or learning modules. Chairs will also serve as participants on the roundtable but will be listed in the program solely as chair. Less regimented than paper sessions, the focus in roundtables is on conversation and interaction among the panelists.

Poster Sessions: Up to eight posters are included in a poster session, which will also include one or two discussants. Each poster presentation is assigned to a numbered display panel (8' x 4') in the 4th Floor Exhibit Hall. While displaying their poster, authors will be present to answer questions and distribute copies of their research findings during the scheduled poster session. Conference attendees can walk through and view the posters that are on display throughout the day. Poster sessions are held in the undergraduate sections only (Sections 81-86) and are *limited to in-person participation only; there is no virtual participation option for poster sessions.*

Working Groups/Conference-within-a-Conference: Working group participants agree to attend, as audience members, a small group of related sessions at the conference. A volunteer coordinator for each working group proposes a topic or theme, selects the sessions for the group to attend, promotes the working group, recruits participants, and facilitates communication among participants. A working group may also organize sessions of their own and/or hold a meeting for additional discussion and interaction.

A conference-within-a-conference may be organized around a specific theme, topic, question, or area of study. The organizers of the event recruit participants, organize them into sessions, and facilitate communication and cooperation within the group. These events provide an excellent opportunity for cohorts to gather around specific areas of study that may not be well-represented in the normal conference sections, or to develop specific projects like an edited volume.

Hybrid Conference Session Instructions

Except for poster sessions, all other sessions held in-person at the Palmer House Hilton will be available to virtual attendees. Each conference room is equipped with a laptop computer, a projector screen, and a wide-angle camera with microphone pointed at the in-person panel.

- At the start of a session, the Zoom meeting room will be opened from the laptop in the conference room by MPSA staff.
- During presentations, in-person presenters will use the laptop provided in the conference room while virtual presenters will use their own computer. All presenters will enable the Zoom screen-sharing feature while they are presenting. All presentations will be displayed simultaneously on the projector screen for the in-person audience, and on Zoom for the virtual audience.
- The laptop provided in the conference room is connected to a wide-angle camera so that virtual attendees can see the full in-person panel. A built-in microphone enables virtual attendees to hear everything in the room clearly.
- When it is time for discussion of the presentations, the session chair will monitor the laptop for questions or comments from the virtual audience.

Role-Specific Instructions for In-Person Attendees

Chairs: will help to facilitate the hybrid conference format by overseeing the virtual Zoom meeting room during the session. Please consult the Zoom instructions on our website if you are not comfortable with the Zoom platform. Tech support staff will be available to assist the chair at the start of each session.

- Arrive at the conference room 10 minutes before the session begins.
- MPSA tech support staff will arrive prior to the session to open the Zoom meeting room on the laptop computer at the front of the room.
- If a staff member does not arrive by the start of your session, you can open the Zoom meeting room yourself by following these steps:
 - The virtual conference platform will be opened on the laptop computer. From the **Home Page**, click **Zoom Hosting Assignments** under the Navigation Menu on the left-hand side of the page. This will open a list of all sessions scheduled in this hotel conference room for the day, in order of occurrence.
 - Scroll to your session and click to **Start** or **Join** the **Zoom Session**. This will open the meeting room for virtual attendees.
- At the scheduled start time, begin recording the session in Zoom.
- Introduce the session and all speakers. Welcome virtual audience members and inform them of the chat feature in Zoom if they would like to submit questions for the panelists.
- For a smoother process, the order of presentations should cluster in-person and virtual presentations together, rather than switching back and forth between in-person and virtual presenters.
- Ensure that all presenters use the Share Screen feature in Zoom while they are presenting. Help the speakers keep their presentations within the allotted time and signal the amount of time remaining toward the end of their presentations.
- When presentations are concluded and discussants begin to give their comments, the chair should start monitoring the Zoom chat for questions or comments submitted by virtual audience members.
- When the discussants are done speaking, moderate Q&A and/or discussion among the panelists for the remainder of the session.
- Wrap up the session on time. **The Zoom meeting room will close automatically for virtual attendees at the end of the session, so it is crucial that sessions do not run late.**

Presenter:

- Arrive at the conference room 10 minutes before the session begins. Bring your presentation on a USB flash drive.
- Be prepared to speak for no more than the allotted time as determined by the chair of the panel.
- Be courteous: set your phone to silent and turn off any other electronic notifications.
- When it is your turn to present, use the laptop computer and projector provided in the conference room.
 - To begin sharing your presentation, insert your flash drive into the USB port on the laptop. Open the appropriate software (i.e., to show a PowerPoint presentation, open PowerPoint Reader), find your presentation file, and open it.
 - Use the Share Screen feature in Zoom so that virtual audience members can see your presentation.
 - Keep the flash drive plugged in during your presentation.
 - When your presentation is completed, click the Safely Remove Hardware icon (flash drive with a green check mark) near the bottom right corner of the screen. Wait until you are prompted to eject your flash drive, then remove it from the USB port.

Discussant:

- Arrive at the conference room 10 minutes before the session begins.
- When it is your turn to speak, after the paper presentations have concluded, be aware of your time limits. Try to devote an equal amount of time to each paper you are commenting on.

What should I do if my discussant doesn't show up for the session?

All discussants in the conference program have confirmed their participation and are expected to perform their roles. If there is an emergency that requires last-minute cancellation, discussants should make every effort to email the written comments that they would have given, so that the chair and panelists can read and discuss those comments during the session. In the event that the discussant(s) does not arrive for the session and has not communicated their absence to any of the panelists, panelists should still present their papers and attempt to exchange feedback with one another. After the session, please inform the MPSA of the discussant's absence by emailing the Conference Director (speelmon@mpsnet.org).

MPSA Anti-Harassment Policy

The Midwest Political Science Association (MPSA) is committed to upholding the highest standards for respectful, professional norms and behavior and to fostering an inclusive climate. Consequently, harassment and unethical behavior at MPSA events is considered to be a serious form of misconduct.

The following Anti-Harassment Policy, modeled closely on the American Political Science Association's Anti-Harassment Policy, outlines expectations for all who attend and participate in MPSA events and meetings.

1. Purpose. MPSA is committed to fostering a safe, inclusive, respectful and welcoming environment for all members and participants, regardless of race, gender, sexual orientation, ability, ethnicity, socioeconomic status, age, religion or belief. "Participant" in this policy refers to anyone present at MPSA meetings or other sponsored events, including staff, contractors, vendors, exhibitors, venue staff, MPSA members and all other participants.

2. Expected Behavior. All participants at MPSA meetings or events are expected to abide by this Anti-Harassment Policy in all meeting venues, including ancillary events and official and unofficial social gatherings. Compliance with this policy includes the following:

- Abiding by the norms of professional respect that are necessary to promote the conditions for free academic interchange.
- Agreement to alert relevant MPSA staff or security personnel if a situation arises where someone might be in imminent danger

3. Unacceptable Behavior. Behaviors that violate the Anti-Harassment Policy include, but are not limited to, the following:

- Threats or actions that cause or threaten personal harm
- Threats or actions that cause or threaten professional harm, punishment or retaliation
- Intimidating, harassing, abusive, derogatory or demeaning speech or actions
- Prejudicial actions or comments that coerce others, foment broad hostility or otherwise undermine professional equity on the principles of free academic exchange
- Unwelcome solicitation of emotional or physical intimacy
- Deliberate intimidation, stalking or following
- Harassing photography or recording
- Sustained, unprofessional disruption of talks or other events
- Other intentionally disruptive behavior

4. Reporting Procedure for the Anti-Harassment Policy

If harassment is observed or reported to any MPSA staff member, Council member, conference attendee, or venue employee, and there is a question of immediate physical danger, steps should be taken to ensure immediate safety of all attendees and staff, regardless of any complaint procedure that may follow.

Participants who believe they have experienced or witnessed harassment or have been the target of unprofessional conduct, in violation of MPSA Anti-Harassment Policy, have two options. The first is to consult with the Ombuds of the MPSA (mpsaombuds2023@gmail.com), who is available for confidential consultation about a wide range of concerns, including but not limited to sexual harassment. The second is to submit a complaint using the online form at mpsa.ethicspoint.com or emailing cope@mpsnet.org. This can be done confidentially. An individual needing guidance on making a complaint can contact the MPSA Executive Director, Membership Director, or Conference Director. All complaints made are referred to the Committee on Professional Ethics (COPE).

If you are in immediate danger, please contact the appropriate local emergency personnel for assistance:

Reporting Harassment

The Midwest Political Science Association (MPSA) is committed to upholding the highest standards for respectful, professional norms and behavior and to fostering an inclusive climate. Consequently, harassment and unprofessional behavior at MPSA events is considered to be a serious form of misconduct.

All participants at MPSA meetings or events are expected to abide by the MPSA Anti-Harassment and Professional Conduct Policy in all meeting venues, including ancillary events and official and unofficial social gatherings by:

- Abiding by the norms of professional respect that are necessary to promote the conditions for free academic interchange, and
- Alerting relevant MPSA staff or security personnel if a situation arises where someone might be in imminent danger.

If harassment is observed or reported and there is a question of immediate physical danger, steps should be taken to ensure immediate safety of all attendees and staff, regardless of any complaint procedure that may follow.

Participants who believe they have experienced or witnessed harassment in violation of MPSA Anti-Harassment and Professional Conduct Policy or the MPSA Code of Conduct at Events, have two options:

1. Consult with the MPSA Meeting Ombuds

The MPSA Meeting Ombuds can offer confidential guidance about what constitutes discrimination or harassment, can explain the options for reporting harassment to the MPSA, and can provide information regarding whether other avenues for pursuing such a complaint are available based on the nature of the complaint. The ombuds cannot provide legal advice but can offer support and guidance even if no further action is taken. Additional information about the role and responsibilities of the MPSA Meeting Ombuds can be found at:

<https://www.mpsanet.org/about/governance/governing-documents/mpsa-meeting-ombuds/>. The MPSA Meeting Ombuds can be reached via email at mpsaombuds2023@gmail.com.

Reports related to potential violations of the MPSA Anti-Harassment and Professional Conduct Policy, may be submitted confidentially and anonymously through our new third-party online reporting platform NAVEX Global's EthicsPoint. Please visit mpsa.ethicspoint.com or call (844) 715-9358 for additional information about the complaint process and to make a report.

As a general principle, the MPSA will make every effort to protect complainants from retaliation. If you would like to discuss your concerns regarding these or other policies during the conference, please contact conference staff.

MPSA Meeting Ombuds

As an informal resource, the Ombuds plays no role in MPSA's formal complaint procedure but can offer independent, confidential, and impartial guidance for a range of concerns, including but not limited to perceived discrimination or harassment. The Ombuds will listen to your concerns without judgment and explain the options or approaches you have available to address them. Options can range from informally addressing the issues, reporting the incident to the MPSA or given the nature of the complaint, pursuing a complaint with an outside entity such as state or local government, human rights or law enforcement agencies, the federal Equal Employment Opportunity Commission, or the U.S. Office for Civil Rights. The Ombuds cannot provide legal advice but can offer support and guidance even if no further action is taken.

Consultation with the Ombuds is confidential. The details of any conversation between an MPSA event participant and the MPSA Ombuds is kept confidential to the extent allowable by law, and will not be reported to any administrator, officer, or committee of the MPSA. The only exceptions to confidentiality are when the Ombuds believes there is an imminent risk of serious harm. In those circumstances, the Ombuds will disclose information to an appropriate entity in order to protect the individuals from harm. The Ombuds is entirely independent of any other MPSA structure, resource or complaint process. The Ombuds will not keep any written records of complaints or consultations. The Ombuds can be reached at mpsaombuds2023@gmail.com or by asking for assistance from conference personnel. In the event that the Ombuds is involved in or has a relationship with any party to the dispute, the Ombuds will be recused after contacting another Ombuds to address the issue.

Contacting the Ombuds

The Ombuds is available for appointments by phone or video call and can be reached at mpsaoombuds2023@gmail.com for scheduling.

Accessibility

MPSA is committed to making our annual conference accessible to the widest range of people possible, where barriers of any type do not exclude people from attending or participating. MPSA will plan for sign-language interpreters, CART equipment, and sighted guides for registered members during their presentations. You may call MPSA at (812) 558-0588, Ext. 1 to speak with the conference team or email us at conf@mpsnet.org. Please make these arrangements four weeks prior to the conference. Be sure to outline the specific type of assistance required. Attendees who do not make arrangements for services or equipment can inquire at the MPSA Conference Registration Counters onsite. Every reasonable effort will be made to assist attendees onsite however, MPSA may not be able to provide all services or equipment due to availability or the time required to obtain them.

All presentations and sessions should be designed and conducted with the full participation of all in mind. Please pay special attention to members of the audience with disabilities. Be aware that registrants with disabilities are to be given priority seating. Every session room will be set to accommodate wheelchair users' access.

Hearing Impairments: Participants can request a sign language interpreter or CART equipment for the MPSA Conference. Please contact us no later than four weeks prior to the first day of the conference. The MPSA will cover the expense for your presentation session(s). Additionally, MPSA will also have a few personal audio amplifiers available at the Conference Onsite Registration Counters on a first come, first serve basis and must be returned to the Conference Registration Counters at the end of each day.

Visual Impairments: Should you require assistance to navigate the MPSA, you may register your aide as a complimentary guest. Please contact a conference team member to register your personal aide. If you need MPSA to arrange for an aide to help you navigate the meeting, please make your requests no later than four weeks prior to the first day of the conference. MPSA has magnifying sheets available at the Conference Information Desk for those that require larger print.

Mobility Constraints: Due to the size of the MPSA Conference, sessions are spread out and distances between sessions can be considerable. If you are a regular wheelchair user, you should bring your chair with you. If you wish to rent a wheelchair or scooter the MPSA staff will be happy to assist you in locating a local dealer.

Accessible Transportation: When applicable, shuttle service will be available between the conference headquarters and hotels. Registrants with mobility issues who are unable to utilize the MPSA shuttle buses between the two conference hotels may utilize cab service. MPSA will reimburse for taxi fares between the two properties.

Accessible Housing: All ADA-designated hotel rooms in the official MPSA hotel block will be specifically set aside for individuals requesting them. Beginning with the 2022 Conference, MPSA started conducting a detailed accessibility survey of all official MPSA room block hotels. These surveys, completed by the hotels, provide information about accessible entrances, parking and drop-off areas, and information regarding accessible public areas, guest rooms, meeting rooms, restaurants, hotel amenities, and assistive devices. Use this information to select the hotel that best meets your needs. Make hotel reservations as early as possible, as there are a limited number of accessible rooms available at each property.

Evacuation: In the event of an evacuation, guests are asked to utilize staircase number 4 to evacuate the building. There will be Security Staff present to assist the process.

Food Allergies: All MPSA hosted events will have food labeled by the facility, so that attendees may avoid allergens.

All Gender Restrooms: A gender-neutral restroom is located on the on the 6th floor near the Grant Park Parlor and on the 4th floor off the Red Lacquer. The restroom facilities are available for use by all persons, regardless of their gender identity. The facilities will be marked on the door. Please help make these facilities and this meeting an inclusive space by respecting the rights of all genders.

Nursing Mothers Room: MPSA has designated a room for attendees with lactation needs. Please see the Conference Registration Counters for access.

Chemical Sensitivity: The MPSA is a smoke-free conference. Smoking is not permitted in any meeting or session rooms, business, or networking event. This policy also applies to those using e-cigarettes. In addition, MPSA encourages its meeting attendees to refrain from using perfume, cologne, aftershave and other fragranced personal care products for the health and safety of our attendees.

Chronic Pain: MPSA attendees with disabilities (including chronic pain) often have difficulty in crowded locations with unintended pushing or taps that have caused pain or loss of balance. Please be aware of this and be considerate of all attendees while at the conference.

Information for Presenters:

Reaching Participants with Vision Impairments:

- Briefly describe your PowerPoint slides.
- Avoid pointing to something on the slide and using words like “this, that, those, or these”, unless you indicate what “this” means.

Reaching Participants with Hearing Impairments:

- Speak audibly and clearly at a moderate pace. This practice promotes understanding in the audience and allows sign language interpreters time to translate what you are saying.
- Look at your audience rather than your screen or your paper. Keep your hands away from your mouth so that people who speech read can understand you.
- Ensure that only one person speaks at a time by asking members of the group to wait until they are acknowledged before commenting or asking questions.
- Before you begin speaking, make sure that the sign language interpreters have a copy of your presentation.
- Do not walk in front of interpreters while they are signing.
- When you address a person using an interpreter, speak directly to the person, not the interpreter.

Should a Problem Arise While You are at the MPSA Conference: If you have *any* problem or negative experience related to accessibility, including issues with housing, meeting session, or any other accessibility related issue, please report the issue to the MPSA staff at registration, email the MPSA Conference Director at speelmon@mpsnet.org. You may reach the MPSA staff during the conference at (312) 917-1710.

An MPSA team member will record the concern and will be your advocate in working to resolve the issues whenever possible. By informing us of *any* concerns that arise, we can work towards making the MPSA Conference more accessible to all.

Volunteer Opportunities at MPSA

MPSA has several volunteer opportunities available throughout the calendar year. These opportunities include serving as a committee member on a paper, subfield, flagship, and career stage awards committees. There are also opportunities to serve on administrative committees, working group committees, along with mentoring roles, session chairs, discussants, and section heads.

Committee Volunteer Opportunities

Best Paper Awards Committees determine awards for best paper, subfield awards, and career stage awards. The MPSA Awards committee members are responsible for accepting nominations and making selections for award recipients.

Administrative & Planning Committees are responsible for a variety of administrative tasks leading up to the Annual Conference. Some of these committees include the student travel awards committee, the committee on professional ethics, the mentoring committees, and public engagement.

Conference Volunteer Opportunities

Section Head, Chair, and Discussant Volunteers we have several traditional sections as well as most subfield and undergraduate sections where it can be difficult to locate a section head. Subfield and Undergraduate section heads organize Lightning Talks, Posters, and Standing e-Panels. In addition, professional-level participants may volunteer to serve as chairs and discussants. Please consider volunteering your expertise to demonstrate your support of your colleagues in the discipline.

Professional Development Roundtable Participant Volunteers

Faculty are encouraged to offer to serve on roundtables in areas of professional development topics that focus on the career stages of individuals (student, job placement, early career, and mid-career) as well as topics that would be of interest to most including publishing, research, and teaching. Professional Development Roundtables are a staple of the MPSA Annual Conference. We hope you will participate in this annual tradition of valuable collaboration, professional development, and networking.

Mentoring & Social Volunteer Opportunities

Annual Conference Mentoring Reception Volunteer

Each mentor will connect with groups of no more than four attendees to discuss current research and professional aspirations. Contact information and questions will be shared between the mentor and mentees in your small groups. Please confirm your conference schedule prior to RSVPing for this mentoring reception.

The mentoring reception is held on Friday at the MPSA Conference in April. We assign each mentor to a specific table where (s)he can talk with a small group of graduate students.

Academic Year-Long Mentoring Program Volunteer

MPSA invites faculty members to serve as a volunteer during the Academic Year. Training will be made available prior to the program's launch to help you with a successful start to your mentoring relationship. If selected for this program, mentees will work remotely (phone calls or via Zoom/Skype/Google Hangouts, etc.) with faculty in a structured format over the academic year. Total commitment is approximately 10 total hours. MPSA will match mentors and mentees. Please note that this program is 100% outside of the annual conference programming and conference participation is not required to participate in the Academic Year Mentoring Program.

Working Group/Conference-Within-A-Conference Volunteer

A volunteer coordinator for each working group proposes a theme, selects and/or organizes sessions for the group to attend, promotes the working group, and facilitates communication among participants. A working group consists of up to 15 participants. A working group may meet before and after a session(s) or during lunch for additional discussion and interaction. MPSA staff takes care of scheduling logistics and maintaining rosters. This is an excellent opportunity for individuals and cohorts to host focused discussion around a specific theme or specialization without the hassle of logistics!

Dine Around Volunteer

Dine Arouns are part of the conference program that allows conference colleagues to gather for dinner to discuss professional topics in a small, intimate dining setting. The dinners can range in size from groups of 6-20. There is a dine around coordinator who hosts a particular topic of interest at a pre-determined local restaurant.

Frequently Asked Questions about Poster Sessions

How to Find the Location of Your Poster Board?

You will find your poster board assignment by looking up your name in the index, in the conference program. All poster sessions take place in the Exhibition Hall on the 4th floor and are in-person only. The poster boards are placed around the perimeter of the room and are numbered.

Where should I set up my poster?

Poster presentations will take place in the Exhibit Hall on the 4th floor of the Palmer House Hilton during regular exhibit hours. Poster display panels will be placed in numerical order around the perimeter of the room. To find your assigned poster location, look up your name in the index of the conference program and find the poster session listed with it (Example: "Poster Session 85-303, Board 12, Exhibit Hall, 4th Fl., Fri 3:00 p.m." indicates that you should set up your poster at display panel number 12).

When should I set up and take down my poster?

All poster materials should be prepared for quick assembly 15 minutes prior to the presentation time. Poster materials should be removed promptly at the end of the presentation to enable the next presenter to set up.

How early can I set up my poster?

Be sure to arrive in plenty of time to pick up your registration materials, as certain times in the registration hall may be busier than others. You must have your name badge in order to enter the Exhibit Hall where the poster presentations take place. You may start setting up as soon as the previous presenter is finished (usually 15 minutes before your scheduled time).

Where can I store my poster when I'm not presenting?

A coat check is available on the 4th floor of the Palmer House Hilton. They may be able to store your poster for a small fee. Otherwise, please plan to carry your presentation with you, as MPSA is not able to store poster materials.

If I don't want to travel with my poster, is there anywhere nearby to have one printed?

The FedEx Office Print & Ship Center and the UPS Store located adjacent to the Palmer House both provide poster printing services. You can learn more and see their rates on their respective websites.

Working Groups and Mini-Conferences

Association for Politics and the Life Sciences Annual Conference

The 2023 Annual Meeting of the Association for Politics and the Life Sciences (APLS) will be held on Friday afternoon at the MPSA conference. APLS is dedicated to the advancement of research pertaining to the following broad categories: new directions in politics and the life sciences, biopolitics, life science policies (e.g., health policy, genetically modified foods, stem cell research), neurobiology and politics, bioethics, bioterrorism, environmental policy and communication (e.g., media coverage and public opinion about climate change), genetics and politics, biotechnology, and other biopolitical topics. This year's conference features new research on political psychology from the perspective of the life sciences and concludes with a keynote and reception on Friday afternoon.

Cultural Theory Working Group

The Cultural Theory Working Group is an international gathering of scholars who use the political cultural theory developed by Mary Douglas, Aaron Wildavsky, and others to advance subfield understandings and explanations in political science.

Junior Americanist Workshop Series Mini-Conference

The Junior Americanist Workshop Series aims to provide an alternative opportunity for junior scholars (ABD grad students, post docs, and pre-tenure faculty) who study American politics (behavior or institutions) to present and get feedback on their work and to network with other scholars with similar interests. While we focus on showcasing work from junior scholars, we welcome everyone (all ages/ranks/experience levels) to attend our events!

Midwest Eurasian Political Economy Workshop

This is the fourth annual meeting of the Eurasian Political Economy Workshop at MPSA. The event brings together scholars with a focus on political economy (broadly understood) in the former Soviet Union and neighboring states. This year's workshop includes sessions on the war in Ukraine and media consumption in Russia, and features new comparative studies on authoritarian elections, citizen attitudes, local governance, markets and politics, and historical political economy.

Quantitative Studies of Organized Crime Mini-Conference

This mini-conference brings together scholars whose research intersects with the study of organized crime and politics (broadly defined). All papers are unified around quantitative methodological approaches, and theoretical approaches aimed to complement the existing and ongoing empirical work. Our panelists examine the dynamics of criminal violence, state policies, citizens' policy preferences, electoral dynamics, corruption, and organized criminal violence against women, among other topics.

Student Vote Research Network 2023 Workshop

The 2023 State of the Student Vote Workshop will bring together practitioners and scholars working toward 100% college student voter participation. 2022 Student Vote Research Network (SVRN) grantees will present the results of their projects to increase nonpartisan civic learning, political engagement, and voter participation among college students. Practitioners and scholars will then discuss what these results mean for the nonpartisan student voting field and how findings can be integrated into programs and resources for colleges and universities across the country. Remaining gaps in research will be discussed and explored.

The Narrative Policy Framework Working Group

Scholars using the Narrative Policy Framework have made strides building the breadth and depth of the framework since its inception in 2010. This working group aims to provide space for scholars to discuss the research program and build connections. The group will attend two sessions and hold a meeting on Saturday.

The Politics of Identity Across the Subfields Mini-Conference

This is the fifth annual meeting of the Politics of Identity Across the Subfields Mini-Conference at MPSA. The goal of this event is to bring scholars of identity from across the subfields of political science—American politics, comparative politics, international relations, and political theory—into conversation with one another. This year's event features new research on identity formation and change, identity-based coalitions, identity and conflict, and identity and measurement; it also includes a poster session featuring graduate student research at the frontiers of research on identity.

Workshop on Representative Bureaucracy

This workshop consists of five panels that will be held on Friday and features new research that is informed by or intersects with representative bureaucracy theory.

Lightning Talks

During a Lightning Talk, six to eight papers are presented using brief PowerPoint presentations (six-minute maximum). After each presentation, there will be two minutes of Q&A. At the conclusion of the presentations, there can be more extensive Q&A about any of the papers. The chairs will keep the presentations to the exact time limit, so presenters need to have their presentation rehearsed in advance. Each participant is expected to read the other papers on the session and provide comments on one of them. In-person presenters should bring the PowerPoint on a USB.

Instructions for Submitting Proposals

Proposals are to be submitted online using the *2024 Proposal Form* once available on our website at <http://www.mpsanet.org>.

Proposals should be submitted directly to the appropriate section heads of the 2024 Program Committee using the online form. If you submit a proposal and have a terminal degree, you will automatically be added to the pool of potential discussants. Individuals may participate on no more than four panels, poster, JSS, or Lightning Talk sessions. Participants may give two paper presentations (only one may be single authored) and serve as a chair and/or discussant on additional sessions. Roundtables are exempt from participation limits. Groups not affiliated with the MPSA that wish to sponsor sessions should contact the Conference Director (speelmon@mpsanet.org) to arrange this.

Papers may be presented on a panel, undergraduate poster, JSS, or Lightning Talk session format. Roundtables may also be presented during the conference.

The 2024 meeting will take place over four days, on a Thursday morning through Sunday afternoon schedule of sessions. By submitting a proposal, individuals agree to be available to participate in sessions during any of the four days of the conference. Requests for specific days or times for participation are not accepted, except for reasons related to **religious observance or unusual family circumstances**. Though the MPSA does value teaching, approximately 80% of attendees teach and we cannot schedule around participant's teaching schedule. Special scheduling requests must be submitted to the Conference Director speelmon@mpsanet.org **no later than November 28, 2023**.

The Midwest Political Science Association reserves the right to accept or reject any proposal received from an individual or individuals desiring to participate in the annual meeting.

American Journal of Political Science

Instructions for Submitting Authors

Guidelines for Manuscripts - Updated February 24, 2022

The *American Journal of Political Science* (*AJPS*) seeks manuscripts that make outstanding contributions to scholarly knowledge about notable theoretical concerns, empirical issues, or methodological strategies in any subfield of political science. Manuscripts submitted for review should address an important research problem or question, display a high level of creativity or innovation in research, contribute in a novel way to a body of knowledge, and also (as appropriate) demonstrate state-of-the-art use of appropriate methodology.

The *American Journal of Political Science* does not review manuscripts that:

- Do not contain original arguments or analyses;
- Are not analytically rigorous, of high quality, and self-contained;
- Do not have appropriate Institutional Review Board approval for studies involving human subjects;
- Are unsolicited responses to recently published articles;
- Are book reviews or essays on current events;
- Are simultaneously under review elsewhere;
- Contain material that has already been published elsewhere (without appropriate citation or acknowledgment);
- Fail to comply with the substantive, stylistic, formatting, and anonymity requirements described above; or
- Have been reviewed previously at the *AJPS*.

Articles are selected for publication in the *AJPS* based on a double-blind review process. Authors and co-authors of submissions to the *AJPS* are expected to review manuscripts for the *Journal*. The *AJPS* Co-Editors reserve the right to refuse submissions from authors who repeatedly fail to provide reviews for the *Journal* when invited to do so.

The Editors of the *American Journal of Political Science* seek to provide constructive and informative manuscript reviews that provide authors with useful information regardless of the ultimate editorial decision. We are also committed to providing authors with efficient and timely turnaround when processing submitted manuscripts. But the speed of the process is directly affected by the timeliness of referee responses. Accordingly, it may take several months to complete the review of a manuscript. Note also that all reviews are advisory to the *AJPS* Co-Editors, who are responsible for publication decisions. Editorial decisions should be considered final.

Manuscript Preparation (Revised February 24, 2022): A manuscript submitted for review to the *American Journal of Political Science* should be prepared as detailed below. Papers that do not meet these formatting and submission guidelines will not be sent out for review.

- All submissions of original work submitted to the *AJPS* are expected to adhere to the ethics in research and publications guidelines provided in the American Political Science Association's *A Guide to Professional Ethics in Political Science* (revised 2012).
- The manuscript should present its content as efficiently as possible, with no unnecessary material included in the text, tables, or figures. Manuscripts that exceed 10,000 words will not be reviewed.
- The manuscript must include a title page featuring an abstract of no more than 150 words, followed by a word count for the manuscript. The abstract should provide a concise summary of the research stream to which the manuscript contributes, the specific research topic it addresses, the research strategy employed for the analysis, the results obtained from the analysis, and the implications of the findings.
- The *American Journal of Political Science* maintains a strict policy requiring authors of accepted articles to provide all data and code necessary to reproduce their article results. If a manuscript is tentatively accepted for publication, the replication materials will be verified to make sure that they do, in fact, reproduce all results that appear in the article and immediate supporting materials before final acceptance and publication. Authors should review the *AJPS* Guidelines for Preparing Replication Files before submitting a manuscript for review. If there are limitations or restrictions on data access,

or if an exception to the general replication policy will be requested for any reason, then the author should contact the editorial office to explain the situation before submitting the manuscript. Exceptions to the *AJPS* replication policy will be granted at the discretion of the Editors.

Formatting

- Submissions to the *AJPS* should be no longer than 10,000 words. The word count includes the main body of text, notes, references, appendices intended for print, and the headers and notes of tables and figures. It does not include the title page, abstract, online supporting information section, or mathematical notation. Manuscripts at or near the maximum length will be subjected to special editorial review to determine whether their length is justified. A manuscript that exceeds the 10,000-word limit will be returned without review.
- All submissions should follow the style guidelines from the American Political Science Association's *Style Manual for Political Science* (revised in 2018) or *The Chicago Manual of Style (16th edition)*. The guidelines include, but are not limited to, matters of text style, citations, appendices, notes, references, and figures/tables.
- All text, footnotes, and bibliographic references must be doubled-spaced and printed in a standard 12-point type font (material in figures and tables may be single-spaced). Page margins should be a minimum of one inch all around.
- An alphabetical listing of references is required. All bibliographic references should provide authors' first and last names, not the last name and first initial- e.g., **Smith, John**, not **Smith, J.**

Citations and Author Anonymity

- The manuscript must exclude any author-identifying information, such as title page information listing authors' names and affiliations, expressions of appreciation to others for advice or data, statements of where the manuscript may have been presented at a conference, acknowledgments of support for the research, or citations to the authors' unpublished work that is not available online. Citations to one's own published work should be made in the third person (e.g., "In earlier work, Brooks et al. (2000) examined ..."), not in the first person (e.g., "In earlier work, we examined ... (Brooks et al. 2000)"). In most cases, information that is removed from the manuscript to maintain anonymity should not be indicated with placeholders, such as "AUTHOR CITATION" or "REDACTED."
- Manuscripts should not cite unpublished work as support for the current analysis unless it is available online. Exceptions include presentations at major professional conferences or entries in working paper series that are widely available to scholars. Bibliographic information for any unpublished material must include a URL that enables referees and other interested readers to access the work directly.
- If the submission is part of a larger research agenda (e.g., other related papers under review or book manuscripts in development) these details should be identified in the "Author Comments" text box during the manuscript submission process.
- Please contact the editorial office at ajps@ajps.org for any questions regarding appropriate citation practices.

Tables and Figures

- We encourage the use of figures to demonstrate an argument or illustrate a finding. Authors should ensure that the graphical content of any figure is legible and high quality.
- For purposes of review, authors are encouraged to insert figures and tables into the body of the text, thereby enabling referees to refer to the material easily while reading the manuscript. Tables and figures should be numbered consecutively.
- Authors who report that results are "statistically significant" should use a threshold no greater than 0.05.

Supporting Information

- We encourage the use of supplemental information for manuscripts when it is directly relevant to the research design, statistical methods, or empirical findings. The material provided in the SI file is not considered part of the word count for the manuscript submission. The SI file will be sent to referees along with the manuscript. If the manuscript is accepted for publication, then the SI file will be posted on the publisher's website with the electronic copy of the article and also on the *AJPS* website.
- Information in the SI file should be aimed at a sophisticated reader with specialized field expertise. For example, formal theories may include proofs; computational models may include computer code; experiments may include details of the protocol; empirical work may include data

coding, alternative econometric specifications, robustness checks, and additional tables and figures that elaborate the manuscript's primary point.

- If you have pre-registered a pre-analysis plan and you believe that viewing it would help reviewers assess your manuscript; you may include an anonymized version of it in the online supporting information section. However, please note that it will count toward the 20-page limit placed on online supporting information sections.
- SI files associated with original submissions may not exceed 20 pages. Exceptions to the 20-page limit on original manuscripts may be given at the discretion of the co-editors based on the relevance of the material to the paper's methodology and/or to the integrity of the peer review process. A request for an exception to the general policy must be made during original manuscript submission in the "Comments to the Editorial Office" text box with a brief explanation as to why the exception is necessary.
- SI files associated with papers invited to revise-and-resubmit may, at the discretion of the co-editors, exceed 20 pages if required to respond to specific reviewer comments, and where such material is referred to in the response memo and text.
- All SI files should have a title page and a table of contents identifying the content by page number; this content and the specific page numbers must be referred to at the appropriate place in the main text of the manuscript.

Manuscript Submission (Revised February 24, 2022): A manuscript intended for review by *AJPS* must be submitted through the online editorial system, Editorial Manager, as follows:

- If a manuscript has multiple authors, then one author must be designated as the corresponding author. That person will act for the full team of authors as the sole contact for communications with the *AJPS* Editorial Offices throughout the review process.
- Before starting the submission process, the corresponding author for the manuscript should have available the names and e-mail addresses of all authors; for each author of the submitted paper, the names of those on their dissertation committee and a list of co-authors from the previous five years; the abstract text; and a list of proposed and opposed reviewers for the manuscript. We expect the corresponding author to confirm whether any of the authors on the submitted paper have a conflict of interest with the editorial team, and the nature of that conflict of interest.
- During the submission process, the corresponding author also needs to identify a research subfield for the manuscript and designate several keywords that identify the topics for which the manuscript is relevant. An author invited to submit a revised manuscript needs to provide the original manuscript number (i.e., that used during the initial review by the *AJPS*).
- During the submission process, the corresponding author must declare whether the research reported in the submission has received IRB approval or exemption, if necessary. We define "human subjects" research using the current Federal definition: i.e., living individuals from whom data was obtained by intervention or interaction with the individual or from whom identifiable private information was obtained. If the research relies on publicly available data that received IRB approval for the original data collection, IRB approval or exemption is not required for submission to the *AJPS* (though this policy may differ from the authors' home universities/colleges). If the original data collection did not secure IRB approval or exemption, then IRB review from the author's home institution is required. Authors whose institutions do not have Institutional Review Boards should contact the editorial office on how to proceed.
- All authors must submit documentation supporting IRB approval or a determination that the research is exempt from review whenever they engaged in human subject research. This can be done by uploading the documents (either in Word or in PDF form) to Editorial Manager. When submitting documentation, please categorize the file as "other" so that it does not compile with the manuscript into the submission PDF.
- An original or revised manuscript must include one anonymous (PDF, Word, or LaTeX) file. For original submissions, the corresponding author must submit a fully anonymous version of the manuscript (see above). The file containing the manuscript should be marked "anonymous" in the document summary tab and the file must be printable. For (invited) revised submissions, the corresponding author must also upload the response memorandum as an anonymous PDF attached to the top of the anonymous manuscript.
- A corresponding author may, but is not required to, include comments to the Editor, acknowledgments, and details on where the paper has been presented in the "Author Comments" field in Editorial Manager. This is the only place that these details should be included while the manuscript

is under review; if accepted, they can be added into the final version of the paper submitted for publication.

- If Supporting Information (SI) of no more than 20 pages is included as part of a manuscript submission, it must be uploaded as an “Appendix” in the Editorial Manager system and complete the “Description” text box associated with the SI file with “Online Appendix.” This designation allows the file to be available to reviewers, but excluded from the print edition of the *AJPS* if the manuscript is accepted for publication. Please note that any file uploaded to Editorial Manager under the “other” designation will not be accessible to referees.
- A corresponding author may recommend up to three people who are particularly qualified to review the manuscript. Recommendations cannot include an author’s doctoral dissertation supervisor, someone with whom an author has co-authored work in the past five years, colleagues in an author’s department or comparable employment unit, or anyone with whom an author has a familial or other personal relationship. Authors may also not submit the names of people who have already provided feedback on the paper. Recommendations are strictly that; none, one, or all of the author-recommended individuals may be selected to review the manuscript.
- Authors may also designate up to three people they oppose as reviewers. In such cases, the author must specify why the individual should be disqualified from serving as a referee. The selection of individuals opposed by the authors as reviewers is at the co-editors’ discretion.
- If a manuscript is accepted for publication, additional formatting and replication requirements must be met prior to publication. See “Guidelines for Accepted Articles”

American Journal of Political Science

Verification Policy

The corresponding author of a manuscript that is accepted for publication in the *American Journal of Political Science* must provide verification materials that are sufficient to enable interested researchers to reproduce all of the analytic results that are reported in the text and supporting materials. The document titled “*American Journal of Political Science* Guidelines for Preparing Replication Files” provides useful information about what information is needed and how it should be organized. All verification files must be stored in a Dataset within the *AJPS* Dataverse, on the Harvard Dataverse Network. Note that authors also can make their verification files available elsewhere (e.g., their personal website, other data repositories, etc.) as long as all of the necessary files are included in the Dataset on the *AJPS* Dataverse.

The corresponding author should prepare and upload verification materials to the *AJPS* Dataverse before submitting the final draft of the accepted manuscript. The “*American Journal of Political Science* Quick Reference for Uploading Replication Files” provides information about creating a Dataset on the *AJPS* Dataverse and depositing materials into it. The “*American Journal of Political Science* Quantitative Data Verification Checklist” and “*American Journal of Political Science* Qualitative Data Verification Checklist” are designed to help authors ensure that they have provided all necessary files.

When the final draft of the manuscript is submitted, the verification materials will be verified to confirm that they do, in fact, reproduce the analytic results reported in the article. For quantitative analyses, the verification process is carried out by the Archive Staff at the Odum Institute for Research in Social Science, at the University of North Carolina, Chapel Hill. For qualitative analyses, the verification process will be handled by the staff of the Qualitative Data Repository (QDR), at Syracuse University. Immediately after successful verification, the Odum Institute staff or the QDR staff will release the Dataset for public access and the *AJPS* Editorial Staff will forward the final draft of the manuscript to the publisher for copyediting, production, and publication. The *AJPS* Editor retains the final authority for determining whether an article’s verification materials will be verified by the Odum Institute or the QDR. Publication in the *American Journal of Political Science* is contingent upon provision of complete verification materials and successful verification of their content.

AJPS articles that do not contain empirical data analyses are not subject to this verification policy. In some limited circumstances, an author may request an exemption from the verification policy. This exemption would allow the author to withhold or limit public access to some or all of the data used in an analysis. All other verification materials (e.g., software commands, etc.) still must be provided. The primary reasons for such exemptions are restricted access datasets and human subjects’ protection. If an exemption is granted, then the author must include a note at the beginning of the published article explicating acknowledging the limitations on data availability and describing the restrictions that prevent public access to the exempted data. Any exemptions from the verification policy must be approved explicitly by the *AJPS* Co-Editors, who retain final authority to decide whether the requested exemption will be granted.

MPSA Policy on Editorial Conflicts of Interest for the *American Journal of Political Science*

The *American Journal of Political Science* is the flagship journal of the Midwest Political Science Association, with a large readership, articles that are frequently cited and a reputation as a global leader in social science research. It is consistently one of the most highly ranked journals in the discipline and is currently ranked as first. Because of this status, the *AJPS* editorial office exercises significant power with direct consequences for the intellectual advancement and the professional careers of those who seek to publish in the journal. *AJPS* editors are held to the highest professional and ethical standards of the academy, are expected to act in the best interests of the MPSA, and are required to avoid conflicts of interest. The purpose of this policy is to clarify what constitutes a conflict of interest for editors and authors, and how to prevent them from occurring in the editorial process. While conflicts of interest on the part of *AJPS* reviewers are also relevant to the integrity of the editorial process, this policy addresses only conflicts of interest between editors and author and requires that editor(s) will develop and implement an appropriate reviewer conflict of interest policy consistent with the principles and goals expressed below.

1. **Conflict of Interest.** A conflict of interest (COI) is a transaction or relationship which presents or may present an incompatibility between an editor's obligations to the MPSA and discipline, and the editor's personal, professional, third-party or other interests. COI's in the editorial process could result in an unfair situation in which the editor tries to bestow a benefit or impose a cost on an author, or where authors seek such benefits, for reasons that are not merit-based. These transactions/relationships potentially include, but are not limited to: financial (investments, loans, royalties, fee payments) or non-financial but cash-in-kind (meals, transportation, entertainment); professional relationships (students, colleagues and collaborators); and personal relationships, including but not limited to family members or close friends and other types of relationships that might be deemed by a reasonable person to be unethical.
2. **Disclosure of Claims.** An actual or potential conflict of interest may also result from formal professional or ethical claims made against the editor independent of editorial operations. These conflicts may compromise the editor's ability to perform his/her editorial responsibilities or may have consequences for the reputation and success of the journal. Editors are expected to inform the executive committee (president, president-elect and past president) of any known claims. Should such claims be brought to the attention of the executive committee, the committee will review the status of the claims and determine the best response, if any.
3. **Disclosure of Known Conflicts.** Upon appointment, and updated as needed, the editors and all editorial board members shall receive a copy of this policy and agree (by signing) to comply with it. In addition, authors and editors are required to provide full disclosure of all actual and potential conflicts to the Publishing Ethics Committee when a manuscript is submitted for review, and before any editorial actions are taken.
4. **Nature of Conflicts Relevant to this Policy.** Not all conflicts of interest are prohibited or harmful to the MPSA. The association recognizes that our association, disciplines and scholarly communities are relatively small, with potentially complex (collegial or competitive) relationships. However, the following professional or personal relationships between authors and editors are conflicts of interest that are prohibited:
 - current or former dissertation committee chair or committee member (ever)
 - current colleagues at the same institution
 - current professional research, teaching or funding collaborators
 - current or former spouses or partners
5. **Review of Conflicts.** Any issues relevant to the aforementioned conflicts should be directed to the **Publishing Ethics Committee**. The Publishing Ethics Committee comprised of Sarah Binder of George Washington University (chair), Ray Duch of the University of Oxford and Laurel Weldon of Simon Fraser University may be contacted by email at PEC@ajps.org.
6. **Any other issues not included in the list above** should be directed to the attention of the MPSA's **Committee on Professional Ethics (COPE)**. COPE will review any disclosed potential conflicts of interest not explicitly identified in the preceding section to determine if COPE requires an alternate editorial review process, which could include assigning an alternate editor for that manuscript. If there is a single editor, the alternate editor would be a past editor of *AJPS*. If there are multiple editors of the *AJPS* and only one has a conflict, one of the other editors may be assigned to the manuscript. The association expects that the alternate editorial process will be used only in limited circumstances.
7. **Transparency.** Annually, the editor(s) and COPE will provide a report to the executive committee and editorial board that lists the actual and potential conflicts of interests identified through the conflict-of-interest review process.

NOTE: The MPSA Executive Council may consider improvements to the policy as the AJPS Editorial Team creates procedures to implement and evaluate the Editorial Conflict of Interest Policy.
